

## Family Cottage Report

June, 2020

Ravinia and Windsong are identical rental units for use by adults, couples and small families. They are fully winterized and are available all year long. They sleep 6 people, two in the bedroom and four in the loft. Please note: rentals during the peak summer season are weekly only. See the Prairie Club website for more information on the accommodations we provide. We now offer housekeeping all year, included in the rental fee.

This year, the wooded decking was removed, reconfigured and replaced with low maintenance wood composite. No more squirrel-chewed steps or broken spindles! Come and sit a spell; enjoy an adult beverage while you take in nature on the cute bistro chairs!

Ravinia and Windsong had a successful rental season in 2019. Besides weeklong rentals in the summer, the Family Cottage is perfect for weekend getaways in all seasons. Think Girls weekends; anniversary and birthday celebrations; as extra accommodations for family reunions and weddings in the area; as a hub for hiking, biking, winter sports (skiing, tubing), summer sports (kayaking, canoeing) or just to get away from it all. It's really beautiful in the winter. For many, it's a short drive from home and close to wineries, the fun casino, delicious restaurants, boutique shopping and most importantly, Nature.
